Subject: measuring point elevation data provided for production wells

Good morning Sid (again),

The information you've requested just came in and is provided below
(switch to HTML):

Loc_ID	X	Y	TOP_OUTER_CASING_ELE V	MP_ELEV
KAFB-3	1546761.6 0	1479150.9 1	5359.75	5359.75
KAFB-15	1539532.4 3	1474426.4 1	5339.24	5339.24
KAFB-16	1544875.5 1	1474164.0 1	5370.48	5370.48

Please let us know if you need anything else. Also, please acknowledge receipt of the table and information.

Sincerely,

Victoria R. Martinez

Subject: measuring point elevation status

Good morning Sid,

Checked with Wayne and Shaw on this subject matter and looks like the surveyors have the data. The data needs to be incorporated into a database so that it can be provided to KAFB and then to NMED (you). We will forward the information once we get it...should be fairly soon (1-3 working days).

Have a great day!
